CAREER OBJECTIVE

Passionate Full Stack Developer with hands-on experience building modern web applications using React, Next.js, Node.js, Express.js, and MongoDB. Interested in creating clean, responsive, and user-friendly applications while continuously improving backend and problem-solving skills. Currently focused on strengthening TypeScript knowledge and learning scalable application architecture.

TECHNICAL SKILLS

Frontend: React, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, DaisyUI, shadcn/ui, Hero UI, Motion

Backend: Node.js, Express.js, Server-Side Rendering (SSR), RESTful APIs, Authentication, Middleware

Database: MongoDB, Mongoose ODM, NoSQL Schema Design

Auth & Security: JWT, Better Auth, Firebase Auth, Clerk, OAuth 2.0, HTTP-only Cookies, Role-Based Access Control

State & Forms: React Hook Form, Zod Validation, Redux Toolkit, Zustand

Tools & Practices: Git, GitHub, Vercel, API Integration, Debugging, Responsive Design, Figma

Learning: TypeScript, Scalable Backend Architecture

PROJECTS

StudyNook – Library Study Room Booking Platform | [Live](#) | [Client Repo](#) | [Server Repo](#)

Next.js, React, Node.js, Express.js, MongoDB, Better Auth, Hero UI, Tailwind CSS

- Built a full-stack study room booking platform with secure authentication using Better Auth, Google OAuth, and HTTP-only cookie sessions
- Implemented booking availability and conflict-checking logic to prevent double bookings and manage room scheduling efficiently
- Implemented advanced search, filtering by amenities and price range, and responsive UI with dark and light themes

SkillSphere – Online Learning Platform | [Live](#) | [GitHub](#)

Next.js, React, Better Auth, Tailwind CSS, DaisyUI, Framer Motion

- Developed an online learning platform with authentication using email/password and Google login
- Added protected routes, course enrollment features, and user profile management
- Designed responsive UI with loading skeletons, toast notifications, and smooth animations

QurbaniHat – Online Marketplace Platform | [Live](#) | [GitHub](#)

Next.js, React, Better Auth, MongoDB, Mongoose, shadcn/ui, Tailwind CSS

- Built an online marketplace platform with authentication, category browsing, and filtering features
- Integrated MongoDB for storing user and product-related data with protected route handling
- Designed modern and responsive UI using shadcn/ui, Tailwind CSS, and custom animations

SOFT SKILLS

Communication: Comfortable explaining technical ideas and working in team environments

Collaboration: Able to work independently and collaborate with others when needed

Problem Solving: Enjoy building and improving applications through practical development

Adaptability: Quick learner with strong interest in modern web technologies

EDUCATION

Diploma in Engineering (Computer Science & Technology)

MAWTS Institute of Technology, Dhaka | Expected Graduation 2027 | Current CGPA: 3.86/4.00

CERTIFICATIONS

- RPL Assessment Level 3 – Web Development Competency Certified
- Professional Web Design & Development
- Complete Web Development Course (Level 1) – (Ongoing)

LANGUAGES

Bengali: Native | **English:** Conversational
